

TELEGRAPHIC.

Winnipeg, June 13th.
Geneva, Indiana, has been destroyed by fire.
Westminster, B. C., had a \$25,000 fire yesterday.
The assessment of Winnipeg will be 21 mills this year.
The bearing sea act of 1893 will be replaced for five years.
The Windsor cannery at Skeena river, B. C., was burned on June 1st. Loss \$50,000.
It is said there will be only 14 feet of water in the Canadian Soo canal instead of 24 as contemplated.

Thirty families at Hubbard, Minn., are destitute and have demanded food from the citizens of Midland.
Seven out of nine members of the Senate divorce committee have resigned because their report was rejected by the senate.

In the house of commons yesterday Daily introduced a bill to amend the Dominion lands act. Mulock's bill to prohibit members travelling on railway passes was rejected.

Rev. Dr. Robertson was elected moderator of the Presbyterian general assembly at London, Ont. A strong deliverance in favor of Manitoba on the school question was made.

The Manitoba legislature re-assembled today. The government will propose a memorial to the governor-general-in-council declining to obey the order of the Dominion government to past remedial legislation.

LOCAL.

PLowing match and concert at Spruce Grove to-morrow.

W. SHORT, barrister, returned from Calgary on Monday's train.

D. L. CLINK, Indian agent at Battle river, is in town since last train.

D. ROSS is selling fresh vegetables from his market garden on the flat.

BASKET picnic at the Edmonton creamery on Saturday afternoon at 2 p. m.

The Edmonton Saw Mill Co., sent two rafts of lumber to Fort Saskatchewan last week.

W. B. STENNETT bought \$75 worth of fur in small lots since his return from the south.

G. R. F. KIRKPATRICK, manager of the Imperial bank, has cauliflower in head in his garden.

W. B. STENNETT returned from Lacombe on Monday's train having purchased \$300 worth of fur.

J. B. BIRNER, of Menawen, and his two sons are going out to the Athabasca to prospect for gold.

Last week Herbert Edmondson, of Clover Bar, dug out a nest of coyotes, containing eleven young ones.

N. D. BECK and J. C. F. BOWN returned on Monday's train from attending the sitting of the supreme court in Regina.

Mrs. S. N. TAYLOR went to Banff on Tuesday's train. She would meet Mr. Taylor at Calgary on his return from Regina.

ANDERSON & MOORE, late of Reynolds, North Dakota, have purchased the Ontario House property, South Edmonton, and will open up a grocery and boot and shoe business there.

The fire brigade band will play on Tuesday evening next on the band stand in front of M. McCauley's residence at 830. These entertainments will be continued during the summer.

JAS. DUNN'S ox team hauling lumber from Fraser & McKernan's mill on Stony Plain, broke through a bridge at D. S. McKay's old place yesterday. The bridge is in the St. Albert electoral district.

A POST OFFICE, called Sandy lake, has been granted situated on the southwest quarter of section 35, township 50, range 24, west of 4th meridian. It is on the Sandy lake trail and will be served from Leduc. The postmaster is Ludwig Gagnon.

POTATOES are dead stock this spring, being slow of sale even as low as 10c to 15c a bushel. There is an abundance in the country, with very little demand and very little prospect of any. With potatoes so plentiful and cheap this should be a paradise for pigs. What about a potatoe starch factory? That would come as near fitting the peculiar capabilities of this country as an oatmeal mill. Oats and potatoe are our two best crops.

OLIVER MAY is again leader of the fire brigade band, and a strong effort is being made to increase its efficiency. A class for juveniles and learners is held by Mr. May once a week and as the parties attending this class become proficient they will be admitted into the band. A new E flat base instrument has been purchased by the band at a cost of \$85. It is the best make procurable and will replace the instrument lately in use. E. Sheppard will use it.

DURING Mr. Stennett's recent business trip to Lacombe, he visited Gull lake, which lies a few miles to the west of the town. This is a splendid body of water about twenty miles long by six wide. It is deep and has sand beach all around, the finest lake Mr. Stennett has seen in the west. Fish are numerous in it, a twenty pound pike having been caught during his visit. Mr. Mobley of the Alberta hotel, Lacombe, is thinking of putting a small steamer on it for the use of tourists. A considerable settlement is being formed around the lake.

Monday's train brought 1 car horses and effects from Washington for Alex. Fraser, 1 car effects from Kempville, Ont., for A. C. Rutherford, 1 car furniture for J. T. Blowsy & Co. from Walkerton, Ont., 1 car shingles from New Westminster, B. C., for the Edmonton Saw Mill Co., 1 car shingles from Vancouver for K. A. McLeod, 1 car implements from Winnipeg for Geo. Hutton, 1 car lumber from New Westminster for Fraser & Co., 1 car lumber from Beaver, B. C., for J. J. Duggan, 1 car salt from Fort William for Garipey & Chenier, 1 car flour from Winnipeg for J. A. McDougall, 1 car implements from Winnipeg for the Massey Harris Co., 1 car ties for the Brackman & Ker siding, South Edmonton; 1 car merchandise for various parties.

TRAIN left Calgary on time.

DEAGNE & CO are shipping two cars of oats on to-morrow's train.

MAJOR BENNETT, of the Salvation army, left on Tuesday's train for Calgary.

REV. MR. MULDORE will hold the usual services in the Presbyterian church on Sunday.

JOHN ROSS, Indian agent at Saddle lake, left for home to-day accompanied by his son and daughter.

REV. C. B. KEENEYSIDE will preach in the Methodist church on Sunday morning and evening next.

REV. C. E. SOMERSET left on Tuesday's train for Regina to attend the Methodist conference to be held there.

CALGARY will celebrate June 19, 20 and 21, with horse races and sports. Three thousand dollars is offered in prizes.

Monday's train had twenty freight cars north from Blackfalds. Freight business is better on the C. & E. this season than last.

W. C. WELLS, of Palliser, B. C., has bought out Mr. Johnstone's general store at Lacombe and will run a lumber business in connection with it.

W. CLINK, who wintered at Grand Rapids in charge of E. Nagle's outfit which was stuck there last winter, arrived on Monday from the Landing.

THE quarter mile race on Monday between Marriag's "Jack Rabbit" and Hostyn's "Rattler" was won by the former. Stakes were \$27.50 a side.

MESSES. Finch, Grant and Kain, who accompanied E. Nagle to Fort McMurray on his northern trip, returned on Monday by way of the Landing.

Tuesday's train took out 2 cars oats to Vancouver from Degagne & Co., 1 car merchandise for various parties, 1 car coal from Otakowan to R. C. Thomas, Calgary.

The mile trot on Monday last between A. McNicol's "Nellie" and M. Connor's "Bird" resulted in favor of the latter by two straight heats. The stakes were \$20 a side.

A. C. RUTHERFORD, barrister, arrived from Kempville, Ont., on Monday's train accompanied by his wife and family. He will reside and practice in South Edmonton.

A SPLENDID soaking rain fell last night, and to-day is damp and cloudy. Vegetation is coming on with a rush, and crop prospects never better at this season, although part of the early start gained has been lost from various causes.

THE trails from Edmonton to Fort Saskatchewan and from Edmonton to St. Albert have by order-in-council dated May 16th, 1895, been formally transferred to the lieutenant governor of the Territories for the public uses of the Territories.

THE Edmonton base ball club has been organized for the season with D. C. Robertson, president, and J. A. Boyle, sec.-treas.

The practice nights are Wednesday and Friday and the club are desirous of making arrangements for games during the summer.

WM. PIERCE is boring wells on the Saddle lake Indian reserves. He recently bored one on Blue Quill's reserve, near Saddle lake, which passed through 75 feet of sandstone. Excellent water in good supply was struck immediately below the sand stone at a total depth of 130 feet. Another layer of harder sandstone was struck immediately below the water. This well is about a mile from the river and sandstone shows along the bank.

J. REIPLINGER, agent for Jas. McMillan & Co., of Minneapolis, has opened an office in Edmonton for the purchase of furs, hides and wool. There was already strong competition in the purchase of fur in Edmonton, but there was great need of an established market for wool and hides, which now is assured, as the firm represented by Mr. Reiplinger is one of the most extensive in its line in the States.

Monday's regular train was followed by a special to Blackfalds siding. The regular waited for the special there and took on the cars, which it brought north, making a very heavy train, of twenty freight cars and two coaches. There are no heavy grades this side of Blackfalds, just north of Blind Man, and the fall of the country is towards the north, so that very heavy trains can be hauled on this end of the road.

FURTHER returns from Lampton's June fur sales shows that marten has declined 10 per cent since March, mink 12 1/2 per cent, and lynx 20 per cent, skunk 15, wolf 15 and rats 15. This is a serious decline and will affect unfavorably the values of the large lots of furs from the north which will be sold here within the next two months. However, the June sale is not one of the important sales of the year and generally shows a decline in values from March. Beaver and otter advanced 10 per cent.

THE old BULLETIN building is being torn down and removed. This building was long a prominent land mark in Edmonton, but had outlived its usefulness and become an eyesore. It was the first business building erected in Edmonton outside the H. B. post, and was completed in December of 1874. It was used by the present proprietor as a store until 1884. The first issue of the BULLETIN was printed in it in October 1880. From April 1884 to October 1894 it was the home of the BULLETIN, which finally outgrew it and was compelled to seek more roomy and comfortable quarters. The present office is erected on the original site of the old building, which was removed a year ago to make room for it. No tears are being shed over its disappearance nor is there any intention of preserving it as a monument or in remembrance of the past. It served its purpose well in its day and now that its day is over the sooner it disappears to make way for the necessities of the present and future, the better and the more to the credit of all concerned in it. Those who have considered it an eyesore for the past year or two will be surprised to learn that it was considered rather a smart building and somewhat in advance of the times when it was erected, being the first building in the country to sport 10x12 glass in its windows, the regular size of glass in the country previously being 7x9 by 8. The lumber in it was from the first season's custom cutting of a saw mill on the Upper Saskatchewan, all lumber previously being sawn by hand.

POST OFFICES have been applied for at Riviere Qui Barre, northwest of St. Albert; on Big lake, six miles west of St. Albert; Lamoureux, opposite Fort Saskatchewan, Vegreville; at Birch creek, east of Beaver lake, and Sandy lake. The latter has now been granted.

CASPER W. WHITNEY, writer for Harpers Magazine, returned last evening from a trip to the Barren Grounds in search of musk ox. He left Edmonton by way of Lac la Biche about the 19th of December last expecting to return in April. The expectation was not realized and he had a very hard trip. He reached Fort Resolution in good order and started from there for the Barren Grounds. During the trip he saw several bands of musk oxen and shot six, the heads of which he brings with him, and also had the good fortune to kodak a herd while in motion. The weather was very severe while he was out on the Barrens and he suffered considerably. He made the return trip from Resolution by canoe and steamer.

NEW ADVERTISEMENTS.

TEACHER WANTED.
For Saskatchewan Roman Catholic public school district No. 2 at Fort Saskatchewan, for the term ending 31st December, 1895. Applicants must furnish an approved first or second class certificate and be able to teach both in English and French. Applications will be received until the 29th of June. Address

THEOPHILE LAMOREUX,
Secretary Board of Trustees Saskatchewan R. C. public school district.

FOR SALE
A pedigree brindle bulldog. Just imported. Four years old. Price \$75. Apply to

A. B. NASH,
Red Deer, Alberta.

IN THE SUPREME COURT OF THE NORTH-WEST TERRITORIES, NORTHERN ALBERTA JUDICIAL DISTRICT.

In the matter of the real and personal estate of James Reid (deceased).

On application of John Brown, the executor of the last will and testament of James Reid (deceased) and upon reading the affidavit of Sidney Stockton Taylor, I do order

(1) That all persons and creditors having any claim against the estate of the deceased file the same with S. S. & H. C. Taylor, of Edmonton, aforesaid, advocates for the said John Brown, as executor, aforesaid, within four weeks from the publication of this notice in the Edmonton BULLETIN, a newspaper printed and published at Edmonton semi-weekly, accompanied with a statutory declaration verifying the same.

(2) That this order shall be published in the said newspaper twice in each week for four consecutive weeks and that it be a sufficient notice to all persons, that at the expiration of the time fixed above the said John Brown shall be at liberty to distribute the assets of the said deceased or any part thereof among the parties entitled thereto, having regard to the claims only as to which the said John Brown has then notice, and that he shall not be liable for the estate or any part thereof so distributed to any person of whose claim the said John Brown shall not have had notice at the time of the distribution of the estate or any part thereof as aforesaid.

Dated at Chambers at Regina, this 7th day of June, A. D. 1895.

THE SPUR TRACK.

In undertaking to secure more immediate railroad connection for this town the people of Edmonton are assuming a very heavy financial responsibility, and it is necessary that all possible care should be exercised in connection with it; so that no more money shall be spent than necessary and so that all possible privileges shall be secured for the expenditure of the money. The desire is not to own a railroad or a piece of a railroad, but to secure full railway advantages, and the proposed ownership is only an incident of the transaction. While it is altogether desirable that we shall be in position to build this line independently, and indeed that we shall do it if necessary and operate it as well, most people will agree that if a satisfactory arrangement can be made with the C. & E. company whereby that company will construct and operate the line for a stated amount, something less than the actual cost, it would be a better plan for the town than to handle the business itself. In order that such an arrangement may be properly arrived at a detailed statement of the estimated cost of the road will be necessary, as it would be necessary in any case to fix the amount of money to be raised. And another matter that may very properly be taken into consideration in this connection is that of a land grant in aid of the construction. If this track is constructed by the C. & E. that company will be entitled to a land grant on account of it of 6,400 acres per mile, which at \$1 an acre would on the three and three quarters miles give \$24,000, reducing the cost to the town to about fifteen or twenty thousand dollars. It may be that in any attempt to deal with the company they would refuse to consider the question of a land grant, therefore it stands the town in hand to take measures in regard to the land grant so that the town will control it and so that it will be a part of the concession made by the town to secure the road. The grade which Mr. Bruce's survey gives shows that the proposed spur can be operated fully as a part of the main line, and as the proposed extension will be of greater value in the development of the country north of the river—as well as that along the river—than any other equal distance on the line, it is certainly entitled to an equal land grant. No doubt the grant will have to be looked after sharply in order to be secured, but now is the time to look after it, before parliament rises; for if parliament once adjourns, nothing can be done until another session. It is a strange state of affairs whereby the people of Edmonton have to build the last three and three quarters miles of road in order to bring the Calgary & Edmonton railway to its named terminus. It was the pioneering of the people of Edmonton and its surroundings that caused the road to be built at all, that caused it to be directed to this point and called by the name it bears. The government cannot in reason refuse the usual aid granted in such cases to the continuation of the original enterprise to its original destination. At any rate it is the duty of the town to look after its own interest in the matter and see that in voting its good money to improve the country it gets its proper share of government assistance.

The first Manitoba crop bulletin of the season shows an increase of 295,380 acres over last year, the increase in wheat being 180,000 acres. Crop prospects never were better.

A petition has been presented to parliament by John Lorne McDougall, auditor general, praying for relief from interference by the government in the free discharge of the duties of his office.

Now let us have a compromise says a contemporary, on the Hudson Bay railway business. Give Mr. Hugh Sutherland one of the vacant senatorships, give the contractors one of those perpetual dredging contracts on the St. Lawrence River, and give the public treasury a well-deserved rest.

A petition has been presented to parliament by John Lorne McDougall, auditor general, praying for relief from interference by the government in the free discharge of the duties of his office.

Now let us have a compromise says a contemporary, on the Hudson Bay railway business. Give Mr. Hugh Sutherland one of the vacant senatorships, give the contractors one of those perpetual dredging contracts on the St. Lawrence River, and give the public treasury a well-deserved rest.

APPEAL COURT.

REGINA, JUNE 8th.

The sittings of the Supreme Court of the North West Territories in banc commenced at Regina on Monday the 3rd instant, all the judges being present. In addition to the members of the local bar there were present Messrs Loughheed Q. C., McCarthy Q. C., McCall Q. C., Muir Q. C., from Calgary; Messrs Beck Q. C., Taylor Q. C., and Brown from Edmonton. The reasonableness of the demands of the Alberta lawyers that the sitting of the court in banc should be held alternately at Regina and Calgary was emphasised by the fact that of the eight cases on the list, six of them were brought from the Alberta judicial districts.

Humberstone vs. Dinner. This was an appeal from a judgment of Rouleau J. In 1894 the Town of Edmonton entered into a written agreement to grant the plaintiff an exclusive license to run two ferries over the Saskatchewan river at Edmonton: The defendant established a rival ferry and the plaintiff commenced an action for an injunction, and claiming damages for the infringement of his rights. Mr. Justice Rouleau held that the N. W. Ordinance respecting ferries was the ordinance incorporating the corporation to establish ultra vires; and that the agreement of the plaintiff was not binding in the absence of a by-law by the town. From this judgment the plaintiff appealed, Taylor Q. C. for appellants, and J. A. Dean, for the defendant. Argued and judgment.

etal vs. Jollett. The plaintiffs asked lands from the Edmonton & Northern Land Company. The defendant obtained transfers but before them, the defendant registered a mortgage, issued on a judgment against the company in the lands, and consequently the defendant's action did not attach on any beneficial interest of the company. They accordingly began an action to restrain the defendant and sheriff from selling the lands under the execution.

Judge Rouleau, held that under the T. R. P. Act and following re given (I N. W. T. Reg. P. IV.) the writs were entitled to priority to the unregistered transfers and bound the lands.

McCarthy vs. Barter & Travis. The plaintiff, P. McCarthy Q. C., sued the defendants for \$10,000 damages for malicious prosecution in the having instituted proceedings to strike him off the roll of advocates. The defendants moved to set aside the action as frivolous and vexatious. Scott J. holding that it was not entirely clear from the affidavits that plaintiff could not succeed at trial, dismissed the motion. The defendants appealed. Jeremiah Travis for appellants. Respondent in person. Stands for argument.

The loss of the library, by the fire last winter occasions much inconvenience to the bench and bar, while the fine new court house is almost entirely bare of furniture. Naturally there is the greatest dissatisfaction expressed over the neglect of the Dominion Government in neglecting to provide the ordinary necessities and conveniences for the work of the judges and the accommodation of the bar.

GENERAL NEWS.

Sir C. H. Tupper may become lieutenant governor of Nova Scotia shortly.

Major General Herbert will not resume his duties as commander of the Canadian militia.

The Kamloops Sentinel remarks on the destruction of timber in British Columbia in recent years, and predicts more changeable seasons and more frequent floods as a consequence. The fires have been caused by settlers in clearing land.

A large contingent of Norwegian farmers are travelling in prairie schooners from Northwood, N. D., to Du'ich. They are the advance guard of a large number of others who will follow them with the intention of settling in the Rainy lake country.

The remains of a boy named Willie McMillan who was lost five years ago last February near Peugarth, Assa., were found recently. At the time the boy was lost his name in searching for him had both feet so badly frozen that they had to be amputated.

Northwest Farmer: In Mrs. Publow's garden at Pilot Mound, there is a crab apple tree that has borne fruit for several seasons. Last year there were 30 apples on the branches, and if the frost has not injured the blossoms there is a promise of a still larger yield this fall.

Prince Albert Advocate: Five families of settlers arrived in this district last week, having driven overland from the vicinity of Estevan. They had along with them a large quantity of effects, besides fifty head of cattle. They have not as yet made a definite location, but are engaged looking up desirable places, and unless they are particularly hard to please will doubtless soon be at work tilling the fertile soil to be had in abundance within easy reach of Prince Albert.

METHODIST DISTRICT MEETING.

The annual district meeting of the Saskatchewan Methodist missionary district was held at Saddle lake, beginning on 24th May. The Indians for four days assembled in crowds to discuss or to listen.

On Friday evening, 24th, Rev. J. McDougall delivered a Cree lecture on the responsibility of parents. On Sabbath morning he preached in Cree. At 3 p. m., the sacrament of the Lord's supper was administered. In the evening Rev. C. E. Somerset addressed the English congregation from Jeremiah XXII, 27.

An interesting part of the programme consisted in an address by Rev. John Nelson on industrial school work, and an address in English by two of the pupils from Red Deer industrial school, both of White Fish Lake. Prejudices against the school are dying out, and voluntary offers are now being made to send more children to Red Deer.

On the last day of the meeting the chairman preached in English on "The Gospel as I found it at the World's Fair," and Rev. O. German lectured in Cree to "Young men and women."

In these annual gatherings Indian representatives are chosen from the mission, one for each minister, and take part in discussions with voting privileges. The elected delegates to conference from the district are: On the stationing committee, and the Sabbath school committee, Rev. E. B. Glass and C. E. Somerset, respectively. Lay delegates, J. A. Dean, and J. W. Butler. E. B. Glass was elected secretary of the district.

The teacher from White Fish lake, Miss Featherston, presided at the organ.

LEUCU.

A meeting of the farmers and butter makers of the district convened in Telford & Co's store here on Saturday at 7 p. m., for the purpose of negotiating with the Edmonton Butter and Cheese Mfg. association, R. T. Telford, chairman. Messrs R. McKernan and R. Dinwoodie, from Edmonton, were present and addressed the meeting, giving the many advantages of and superior demand for creamery butter over dairy. After the question was duly discussed, it was finally decided to appoint a committee to canvass the district for patrons, in order to establish a creaming station. The association requires about 100 cows within a radius of about six miles of the village. As the question of creamery butter versus dairy has in the last few years been worn threadbare all over the continent, it is now to be hoped, with our present dear market for the latter, that the farmer is about convinced that the only alternative is to sell his cream instead of his butter, thereby saving a lot of labor in making the butter, and a lot of anxiety and exertion in selling it after it is made.

MORTGAGE SALE

OF VALUABLE

TOWN PROPERTY

Pursuant to the order and direction of the Honourable Mr. Justice Rouleau, and under and by virtue of a certain registered mortgage made in pursuance of the Territories Real Property Act and amendments thereto, which mortgage will be produced at the time of sale, there will be offered for sale by public auction on Saturday, the 29th day of June, 1895, at the Robertson Hall in the Town of Edmonton, at the hour of 2 p. m. the following property, viz.:

All and singular Lot thirty-eight, (38) in Block number two (2) according to a plan of a subdivision of River Lots twelve (12) and fourteen (14) of the Township of Edmonton, of record in the Land Titles Office for the North Alberta Land Registration District as Plan "D."

The above property is situate on the north side of Jasper Avenue, in the Town of Edmonton, nearly opposite the Robertson Hall, which may be better known as the residence of Duncan C. Robertson.

Terms and conditions of sale will be made known at the date of sale, or on application to

W. S. ROBERTSON,
Auctioneer.

BECK & EMERY,
Vendor's Solicitors.

61-69

NOTICE

North-West Territories, To Wit: In the matter of the Land Titles Act, 1894, and in the matter of that certain registered mortgage made by Jules Auguste Royal to the Dominion Building and Loan Association on the following lands namely:

Lots numbers seventy (70) and seventy-one (71) in block numbered five (5), according to a plan of part of the Hudson's Bay Company's Reserve at Edmonton, of record in the Land Titles Office for the North Alberta Land Registration District as Plan "E."

Upon hearing the application of the mortgagees for foreclosure herein, and upon reading the affidavits and papers filed therewith, and satisfactory proof of service of notice of application on the mortgagee having been made, I do order that notice be published once a week for three successive weeks in the Edmonton "Bulletin," a newspaper published at the Town of Edmonton, in the said district, offering the said land for sale, and that after the expiration of one month from the date of the last publication of the said notice, the said mortgagees shall be at liberty to make an application for absolute order of foreclosure of all the estate, right, title, interest and equity of redemption of the mortgagor or, in and to the said land and every part thereof, pursuant to the provisions of Section 78 of the said Land Titles Act, 1894.

Edmonton, (27th May) 1895.

J. S. C.

Pursuant to the above order, and subject to the terms thereof, the above mentioned lands are hereby offered for sale. For further particulars apply to

BECK & EMERY,
Advocates for Mortgagees

62-69

NOTICE

IN THE MATTER OF SALE OF LAND UNDER

"THE LAND TITLES ACT, 1894."

In the matter of a real estate mortgage given by H. De Roux and H. Chevrier Reggio to John Norris on the 1st day of June, 1893, and entered and registered as 2324 H. on the 26th day of September, in the Land Titles Office of the North Alberta Land Registration District.

Pursuant to the order of Mr. Justice Rouleau, notice is hereby given that all the undermentioned lands are offered for sale, viz.:

The fractional north-east quarter of Section numbered seven (7), the whole of Section numbered fourteen (14), and the whole of Section numbered twenty (20), all in Township fifty (50), Range twenty-four (24) west of the fourth meridian, in the Provisional District of Alberta, in the Northwest Territories, containing by admeasurement together fourteen hundred and thirty-one acres (1431) more or less. This is the property known as the Norris Ranch, situate at Black Mud, on the C. & E. Railway.

And notice is hereby further given that if the said lands or any of them will remain unsold at that date, John Norris, the mortgagee thereof, will apply to the presiding Judge in Chambers on Wednesday, the 17th day of July, 1895, for an Absolute Order of Foreclosure of the lands above mentioned.

Dated this 30th day of May, 1895.

S. A. & H. C. TAYLOR.

Advocates for said John Norris.

QUEEN'S HOTEL LIVERY, FEED AND SALE STABLES.

Double and single rigs. Experienced drivers. Coal delivered to any part of the town at \$2.50 per ton. Draying promptly attended to. Telephone connection.

WELL BROKEN YOUNG MARES FOR SALE.

ERNEST GRIERSON, Proprietor.

DRAYTONVILLE.

As this part of the country is never spoken of I think it is time it was. It has been known as The Pines, but we have applied for a post office to be known as Draytonville, tp. 55, rg. 19.

The 23rd of May was celebrated at this place by having athletic sports and horse racing and there was an enjoyable time.

We have a school district granted, under the name of Pine public school, No. 359, with Henry H. Drayton, S. D. Biding, and F. Braden, trustees.

June 6th, 1895.

LACOMBE LINKS.

John Finchem has been sailing for a week or so and not able to work. He has Mr. Sider working for him in the shop in the meantime.

A special train came as far as here on Saturday, 1st, bringing three cars of settlers from Varden, Man., one car lumber and one car sundries.

Thos. Bradshaw was taken very ill on Thursday last, but is improving nicely.

Mr. Braden has been in town for some days with a large band of milk cows and young heifers, which he is selling at reasonable prices.

Dr. Richardson has moved into his new office, which is a neat building.

Mr. Clink has now got his planer in running order and is prepared to put out any kind of dressed lumber.

Two bands of horses passed through last week going north, both of which stopped here for a time.

Jas. W. Johnston has sold out his general store business here including the lumber as well as the stock in the store to Messrs. Stewart & Co., who have taken possession. June 10th, 1895.

NAMAO.

Several fine rains visited this district last week and crops are looking good.

A number of the settlers met together last Monday and spent the day in cleaning up and fencing a portion of the Namao cemetery, located on the northwest corner of the farm owned by J. H. Long. Several parties who have relatives buried in other places are removing them here. The remains of Mrs. J. H. Long and Mr. Wilson's daughter, Nellie, are being brought tomorrow.

Geo. Long has erected a handsome monument to the memory of his departed sons and daughter.

C. B. Koenigswald is supplying the Methodist pulpit here, and the people would be much pleased if he was stationed here for the coming year.

The latest to arrive in the way of new settlers is Mr. Arnold and family from Kent County, Ont. Mr. Arnold brought a car of stock and implements with him. Since his arrival he has had the bad luck to lose a valuable horse.

A Sunday school picnic is talked of to be held in July.

June 7th, 1895.

FORT SASKATCHEWAN, ALBERTA.

Friday the 28th instant, is the day chosen for the annual celebration here. A good programme is now being prepared. Horse racing committee are: Messrs. W. H. White, Constable McCallan, Staff Sergeant Searle, James E. Graham and Charles Henderson. Athletic sports committee are: Messrs. Geo. Woolley, Staff Sergeant Graham, Corporal Byrne, Constable Lamb and Lawrence Adamson; in addition to which, there is a general committee chosen from the country, barracks and town. The 29th, was chosen instead of 1st July (Bannion Day) on account of South Edmonton's celebration on that day. It was supposed here that either the 4th or 12th July was to have been their day, until the mail arrived on Friday last, when the advertisement appeared.

Mr. Brinkman, of section 18-54-22 about 4 miles south of here, has struck a curiosity in the shape of a well. He dug down about 25 feet and suddenly the bed of sand in which he was digging commenced boiling up like water does in a geyser, and then a roaring noise, which sounded as if a thresher were at work, was heard, and it kept up from Saturday till the following Tuesday, when part of the well caved in. Mr. Brinkman does not know what to make of the well. He says he can start the well roaring at any time he digs down a few feet. Can any of the "BULLETIN's" readers explain.

The statute labor districts in this vicinity are doing splendid work. We will soon have fine fire breaks, in the shape of ploughed roads. It would be a good idea for the legislative Assembly to offer a prize of some kind, yearly, to the statute labor district doing the best work in each electoral division. Something in the way of a lending library with good books and the leading papers, would make a nice prize to compete for.

No sign of the surveyor yet, who is to make the correction on the line between township 54 and 55, and survey the trails through the Beaver Hills. The settlers are taking of holding indignation meetings. The way in which the old line is being run is so daily, is becoming unbearable, and the displacement of the interior, with more than usual apathy, seems to be doing nothing. People in the past have no idea of how a new country changes from day to day, and what inconvenience the putting up of a fence here and there means, where sloughs, muskeg, spruce, poplar and willow trees are in the way. If our surveyor has too much to do, as one prominent settler asked, with more force than elegance, "Why in hell does not the government put on two or more, and not put every traveller to so much inconvenience as they are now doing?" There is trouble brewing over this road business. Will the government get a move on immediately, or wait until some one is hurt in a dispute over the fencing in of a trail usually travelled?

June 10th, 1895.

INNISFAIR.

The weather is now most auspicious. We have had a good deal of moisture. The ground is in first rate order, and the heat of the sun is causing a steady and increasing growth. Everything promises a prosperous season. We all hope the expectations will be realized.

The road work in Little Red Deer has been completed for the present. The two bad hills on Buffalo spring creek, have been

considerably reduced and widened. These hills were dangerous in their former state, and so steep as to be well nigh impassable for anything but the lightest vehicles. They are now, though of course still steep, in very fair condition. There is a good deal to be done on this road, which is, without doubt, one of the worst in the whole Red Deer district, but everything cannot be done at once. A good job too, has been made of the road through the bush some five miles east of town, which was in a fearful state from stumps and roots.

R. P. Wood died on Saturday morning last, from heart disease. Mr. Wood has lived in this district some seven or eight years, and was not forty years of age. He was a Scotchman by birth, and spent a considerable portion of his life in Australia, whence he came to this district to engage in sheep farming. After the railway came through, he was joined by Mr. Lucas, an old friend, and the two went into ranching together. Later Mr. Wood has engaged his farm, and has been engaged in business in Innisfail, where he also owned real estate. A quiet, gentlemanly fellow, he had many friends and few enemies. Of rather a retiring disposition, he took little or no active part in outside or public affairs, but notwithstanding this, his interest and assistance could always be counted upon for a worthy object. His funeral took place on Sunday, and was conducted by the Odd-fellows, of which he was a member. There was a large attendance. The Rev. Dr. Good conducted the religious services.

Services were held in both Methodist and Presbyterian churches on Sunday last. Mr. Sing conducted the Methodist service in the evening, and in the Presbyterian church, Dr. Good officiated in the morning and Mr. Spear in the evening. Mr. Spear only returned in time for the service, having been preaching at Red Deer in the morning.

Messrs. Maskel and Cleveland have left for a stay in the States. Their destination is Tacoma.

O. P. Thomson is absent in the mountains exploiting his gold mine.

A number of our sports are preparing to attend the Calgary race meeting. Messrs. McPhee and Taylor are there now training their trotters.

W. McCormick, of Little Red Deer, has been committed by the justices here for trial at the supreme court at Red Deer in October on a charge of stealing a pair of whiffloose belonging to Mr. Killingham. Messrs. W. Arnold and N. Wright are his bondsmen.

Messrs. Humphrey & McTaggart, of the Hotel Alberta, have we understand, had their license for 1895-96 refused because they were selling during 1894-95 without having taken out a license. This is an error and seems to have arisen from two things. In the first place Humphrey & McTaggart have mislaid their license form, and did not have it exposed when they were visited by the inspector a few days ago, and in the second place, Mr. Pope, the chief inspector informed his subordinate, and through him the board of commissioners, that Humphrey & McTaggart never took out any license at all during 1894-95. This was a mistake, which it is hard to see any cause for, and the chief inspector has since corrected it, and has supplied McTaggart with a duplicate license form. It is to be hoped that the same mistake, with the least possible delay, will rectify Messrs. Humphrey & McTaggart for the annoyance and suspicion which has been thrown upon them (on account of this mistake) and do them full justice. At their last meeting they could only have done what they did and no blame whatever attaches to them, but they can, if they wish, under the peculiar circumstances, take fresh action at their next meeting.

MORTGAGE SALE

OF VALUABLE

Town Property!

Under and by virtue of a certain memorandum of mortgage made in pursuance of the "Territories Real Property Act" and amendments thereto, which mortgage will be produced at the time of sale, there will be offered for sale by Public Auction on

DEEP CREEK.

The union Sunday school held in John Plaker's house, Deep Creek settlement, will have a picnic in Penitence's grove on July 12th. The Sunday school has been conducted for the past year and has an attendance of fifteen, John Plaker, superintendent, N. Schincke, assistant.

The Moravian settlers, in township 55, range 20, in the northern end of the Beaver hills, have a brass band on which they give very good music. They will assist at the picnic on July 12th.

The public school house, for Deep Creek district, is under construction.

About May 13th an unmarried man, who has been living all winter with John Turquin, started on foot for his claim about three miles south of Edna postoffice, Beaver creek, intending to put up a shanty and to be away about a week. He packed his blankets, an axe and a week's provisions. At the end of a week he did not return and some of his neighbors went to see what was the matter. They found the track of his camp fire, his food, blankets and axe, but saw no sign of himself, nor did they find him after making a search. They reported the matter to the police, who took charge of the blankets, etc., but did not find the man. The next week a search party of seven of the missing man's neighbors of the Deep creek settlement went out and searched the country for twenty miles around his claim. They found his tracks about five miles from the camp, but nothing more. Apparently he had only made one fire at his camp and eaten one meal there, so that his disappearance occurred on the day in left Deep creek or the day after at furthest. It is not supposed that he can be alive now, and search for him has practically ceased.

Grapes backward in England.

Severe frosts during May have destroyed the fall wheat crop in many parts of Western Ontario, as well as in the Western States.

The Winnipeg board of trade has called an open meeting for June 18th, to consider the question of establishing a regular recognized central live stock market.
